"A remedy which invariably acts as a uterine invigorator \* \* \* makes for normal activity of the entire reproductive system." He continues "in Helonias we have a medicament which more fully answers the above purposes than any other drug with which I am acquainted. In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for Helonias (Unicorn root). Pain or aching an the back, with lencorrhora; atonic (weak) conditions of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women, constant sensation of heat in the region of the kidneys; menorrhagia (flooding), due to a weakened condition of the reproductive system; amenorrhoga (suppressed or absent monthly periods), arising from or accompanying an abdormal condition of the digestive organs
